

Item no. 00112113

## "Energy Saver" Halogen Bulb, 53W, E27, warm white, 2 pieces

Angle of Radiation	360 °
Can be Dimmed	✓
Colour Temperature	2800 K
Design	Light Bulb
Nominal Service Life	2000 h
Number of Switching Cycles until Premature Failure (min.)	8000
Operating Position	360 °
Optimal Ambient Temperature	25 °C
Power Consumption of an Equivalent Incandescent Lamp	70 W
Diameter	56 mm
Height	100 mm
Energy Efficiency Class	D (Scale from A++ to E, Optimum Value: A++)
Lamp Current	230 mA
Mains Frequency	50 Hz
Nominal Light Output	845 lm
Nominal Power Consumption	53 W
Operating Voltage	230 V
Start-Up Time Until 60% of Full Light Output Has Been Reached (max.)	1 s
Weighted Energy Consumption	53 kWh/1000h
Light Colour	Warm White

Halogen

Errors and omissions excepted, and subject to technical changes.

As of 3rd February 2015.
